USU Faculty is Fulbright Scholar in Jordan

10/15/2019

Dr. Shireen Keyl

Dr. Shireen Keyl has been a Fulbright scholar at the University of Jordan in Amman, Jordan from Summer 2018-2019. This wonderful article is written by Dr. Dina Baslan, the co-founder of Sawiyan for Community Development, about Dr. Keyl, her research efforts, and her anti-racist education work: “I view the classroom as a microcosm of the larger society; it is difficult not to see the injustices at the macro level replicate in the institution of education and the classrooms within that institution.”
