

Teacher Candidate Formative Feedback Form

This is a formative evaluation of the teacher candidate's performance during the candidate's student teaching/internship experience. In order for the final evaluation to be valid, the candidate needs to be observed and scored using this form at least four times over the course of 12–14 weeks. The evaluation is based on the Utah Effective Teaching Standards and the Utah Teaching Observation Tool (version 4.0).

Directions to the evaluator: Please observe the teacher candidate and write a narrative of your observation. After the observation, score the candidate using the rubric that follows. Some criteria may be marked *not scored* if there was no evidence during the observation or during the consultation following that would support a particular score. Note that some items have already been designated as OBSERVATION items and some as CONSULTATION items. Because you are providing formative feedback, scores can be determined in consultation with the teacher candidate. If you are using this form in a printed format, please circle the chosen score. If you are using this form electronically, please highlight the chosen score.
