How to Evaluate your Clinical Student

This guide is designed to assist you as you evaluate the performance of your clinical student teacher. It is understood that clinical students will most likely not engage in the same activities every day, and there may be some things they never do (e.g., record keeping). Please assess performance based on the experiences your clinical student has had under your direction. Complete both pages.

Check any classroom activities in which the USU student participated under your supervision.

- tutoring individual students
- correcting papers, filing and/or entering grades
- teaching mini-lessons
- leading whole-class activities
- supervising class activities, exams or special projects
- meeting with parents or school officials
- designing and implementing full-length lessons
- discussing educational issues with mentor teacher
- shadowing a student
- OTHER (please describe): _____
